Training

Hird Training has been delivering health and safety training courses for local and national companies for more than 40 years

We help businesses fulfil their legal and health & safety training requirements, as well as providing the benefits of a well-trained workforce including:

- Improved productivity through better knowledge
- Reduced accident levels through safer working practices
- Increased staff morale, leading to better staff retention
- Enhanced company reputation

At Hird Training we pride ourselves at providing the very best in training and facilities
