Contract Lifting  
Crane Hire

# Service and Maintenance

**Hird Ltd has a national team of engineers who are fully qualified and experienced in servicing and maintaining vacuum lifters, powered access equipment and mini cranes.**

## LOLER & PUWER Compliance

For material handling equipment, the frequency of testing and thorough examination is every 12 months.

For personnel lifting equipment, such as cherry pickers and scissor lifts, it is every 6 months.

## Annual Servicing

Scheduled maintenance helps you work safely and efficiently for longer, with fewer costly breakdowns.

We can design a service package that's right for your machine.

## Repair & Refurbishment

We carry out maintenance, repairs and refurbishment of equipment from all the leading manufacturers.

## Emergency Breakdown

Our mobile engineers will respond rapidly to an emergency breakdown call out.

## Mini Cranes

### Mini crane servicing will normally include:

- Filters, oils, battery fluids & grease
- Operational function tests
- Electrical testing
- Wire-rope inspection (where applicable)
- Potential problems can be spotted early and rectified on the spot.

## Access Platforms

**We maintain and service a full range of access platforms, including scissor lifts, boom lifts, push-around lifts, and personnel masts.**

### A typical service will normally include:

- Filters, oils, battery fluids & grease
- Operational function tests
- Electrical testing
- Component inspections.

## Vacuum Lifters

**All machines being serviced receive the same Multipoint vacuum lifter test as our hire machines do.**

### This includes:

- Vacuum system inspection and cleaning
- Suction test
- Critical component inspections
- Electrical charging and PAT test
- Operational function test
- Decal and LOLER certificate inspection.

**Contact the Service Team for technical advice and support**

# LIFTING AND ACCESS INNOVATION

**Hird provides sales & after sales support for the most innovative manufacturers globally.**

Our expertise in lifting and access equipment; helps you work safely and more productively.

Whatever your needs are, we will work with you to deliver the solution that's right.
